

GATFXCCA Meeting Minutes Update 11/26/2017

Participants—not listed (many not on the call—minutes from email follow up for the significant # of non-participants)

Email #1---From Coach Monk

Good morning ALL< I met with Enrique last night for clinic planning. WE will be releasing a preliminary schedule with a few of the more prestigious speakers on 11/15 with a goal of finalizing the schedule by the mid December.

I welcome any comments on organization etc. as this is a GATFXCCA clinic not just a clinic sponsored by the ATC. IF you have any suggestions on sessions/ start times/ Friday vs Saturday schedule/Social/ specific sessions I would love to hear it!! Currently, we have as the main speakers as confirmed or in the process of confirming:

Gail Devers, Antonio McKay, Joe Franklin, UF Sprints, LJ/TJ (Rich)

ALL of us need to **contact and submit** potential “local” speakers for the following openings or if you know an additional possibility in an area already covered contact them and we can possible still do an additional session. I filled in the ones Matt and I are currently working on so Travis and Mike let us know who you contact.

HJ

PV Matt will confirm

Throws Matt will confirm

Mental training

middle distance X2 1. I contacted Alan Drosky 2. ??

sprints X2 1. I contacted Antonio 2.

nutrition

Strength training I’m trying to get Jerad Johnson from Pope.

hurdles

XC suggestions for how should be on the panel? 5X

sprint suggestions for who should be on the panel? 5X

Other items:

Mike, The ATC can submit an invoice with the discounted price if a school pays by check. He will need an updated list of member schools ASAP so he can have the invoice prepared for them. IF schools want to pay by PayPal etc. , Enrique will be setting up a discount code that they will need to email you to get. I organized it last year and it is a bit time consuming to start but easy once it got started. Let me know your thoughts on this.

Travis, Help drive membership and contact speakers. Matt also requested that you set up the next conference call for early December to discuss the clinic.

Setup for clinic volunteers/volunteer schedule was all the other business conducted on the call. Coach Henson said the elected board/ reps have an obligation to the coaches who are

members and those who still are NOT members to take the time to participate. Referenced the amendment with participation % and need to address some board members directly.
